Attached is the one pager that ORMA asked us to review. They would like to have this today. I've kept it pretty vague since I don't think the web language will actually happen today (though I could be wrong).

Please see attached and let me know if you have any edits.

Kacee, thanks -- much better. That was exactly where I was struggling.

Thanks Sue! This is very helpful. How about this for a revised statement (I tinkered just a bit with the language)?

Hi Kacee,
here's my mark-up. Hope this helps -- tho I think it probably still needs a bit of word-smithing at the end.
Sue

We've been asked to have a draft ready to take over with us when we meet with Lek at 2:15 on platinum. If someone can please help me with the details by noon, I would really appreciate it!

I don't know the whole history of what's happened with this assessment, but I've drafted some text we could possibly use for the website. There are holes that need to be filled in. Can someone help me with the details?

Subject: Re: Fw: Acrylonitrile Summary

Can we decide to go ahead and announce on our website (updating IRIS track) that we are revising the assessment and going back through the process? It seems like something we need to go ahead and do. Then we could add that info to the 1-pager...
